

Oakmont Citizens Committee  
Minutes Meeting Monday October 4, 2010

**Financial Report-** The CPA needs copies of the minutes for 2009-2010 and a copy of the budget. They will be sent to her.

**Parking Report** – There is nothing to report.

**Suburban Hospital-** A decision may be made on October 20. There have been several postponements.

**BRAC-** The local Advisory Committee is trying to decide how to extend the term since it is set to expire.

**NIH-** The stimulus money will be spent and there will be construction equipment entering off Old Georgetown Rd.

**OTHER**

**Daley Lane-** It has been cleaned.

**Picnic-** It will take place Saturday. Purchases are being made and two families are helping with the set-up and the clean-up.

**Tree near Gary Jacobs** – Gary gave us a quote and Mike is getting a quote from Arbor Care. It was suggested we seek a third quote and we will let Gary know quote we are willing to use. If Gary wants to use his original quote and it is higher, the committee will request that he pay the difference between the bid the committee wants to use and Gary's choice.

**Sidewalks-** One estimate has been received from Bill Veirs. One other will be sought.

**Directory-** It may be available at the picnic.

**TRIAD-** It was decided not pursue this now.

**Neighborhood Watch-** We decided not to pursue this. We investigated this many years ago.

**Electric Lines-** Putting in underground electric lines is costly and does not insure there will be no power outages. When lines are underground, it can take longer to restore power so this will not be pursued.

**Volunteer Welcoming Committee-** Marilyn and Ella will meet with Anna Shah 301-530-2031 who has volunteered to head a welcoming committee. We thought new families should receive a directory and information about Oakmont.

The next Meeting will be November 9, 2010.
